

30 AÑOS CONSTRUYENDO FUTURO

Group NFD is born before the necessity to unite different societies with different activities, of which all of the said companies are in the construction industry.

Group NFD has more than 30 years of experience and success formed by an experienced team and united by the desire to create a great Group that of solutions to the great existing demand in this competitive market.

OBJETIVE

The objective of our Group is to adapt to the needs of its clients in all the aspects related with design and costs. We are committed to the three basic pillars of construction: Quality, Protection of the Environment, Security and Prevention.

WHERE TO FIND US

Our scope of geographic performance is centered, mainly in the **Valencian Community**. We have worked with clients outside of the Valencian Community, other countries and therefore have vast experience in diverse projects and areas.
